

Welcome to the Golden Age

Lobstr Quick Set Up Guide

This Lobstr Quick Set up Guide is for the Lobstr app – not for the web browser

Instructions:

Our recommendation, before setting up your wallet, is to watch the full video through first.

Follow step by step as each page shows you where to click and what to type.

Ensure you have a pen and paper to write down the following:

1. Your username
2. Your passkey (Lobstr uses the word Passkey and passcode interchangeably)
3. Your Recovery Phrase
4. Your Stellar Secret Key

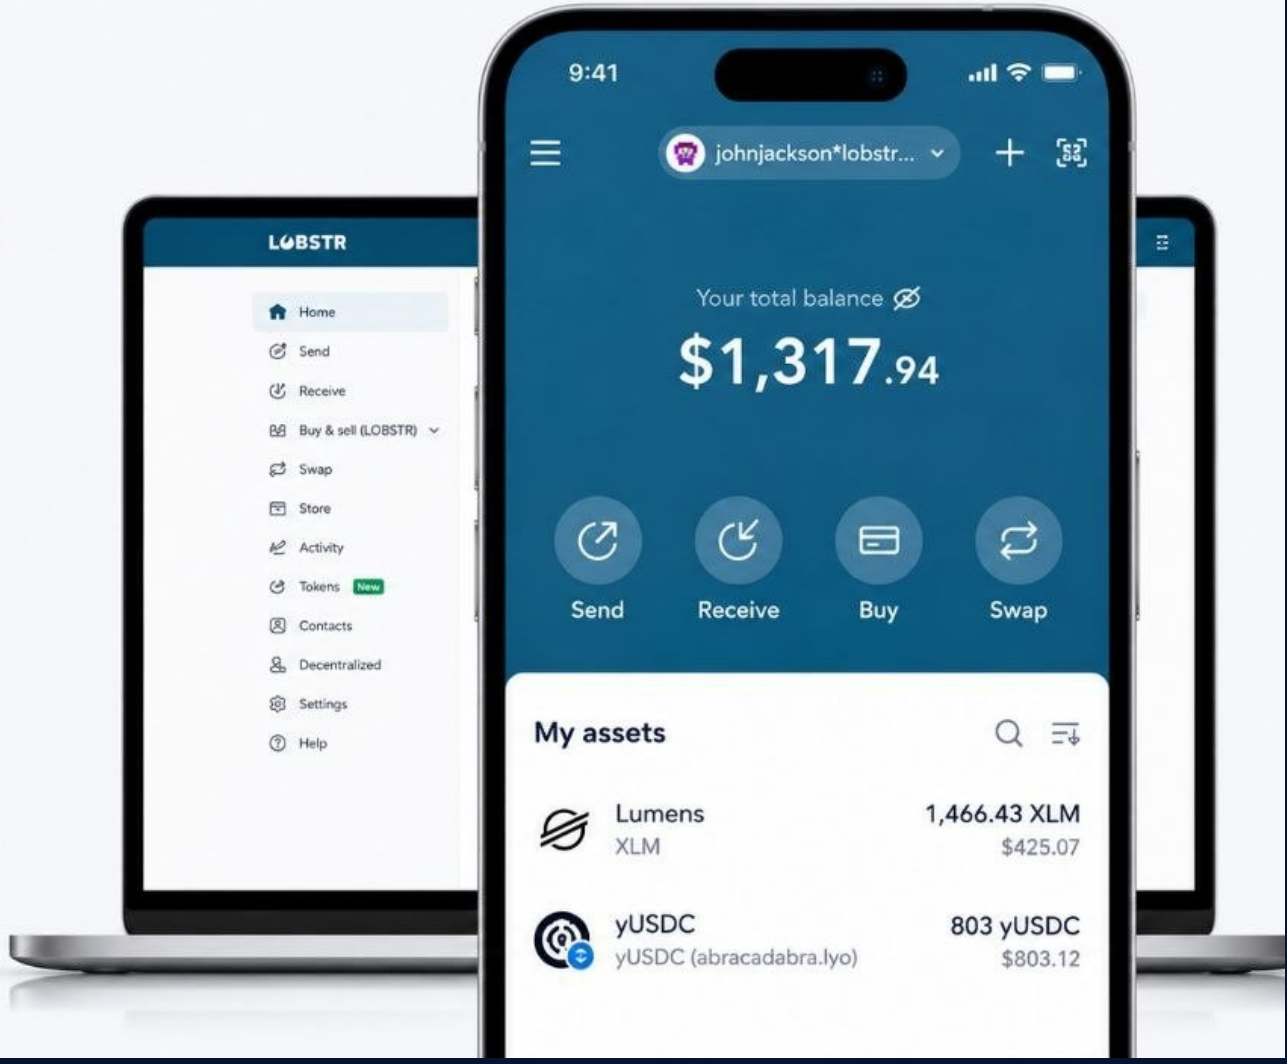

*** Remember to store in a safe and private location**

LOBSTR

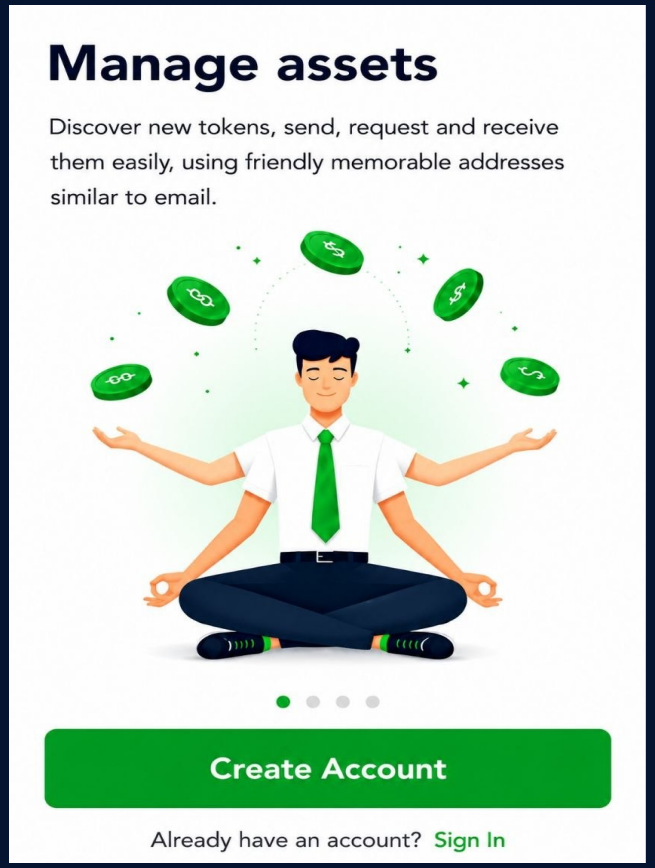

Simple. Secure. Stellar.

Send, receive and manage your Stellar assets with ease.

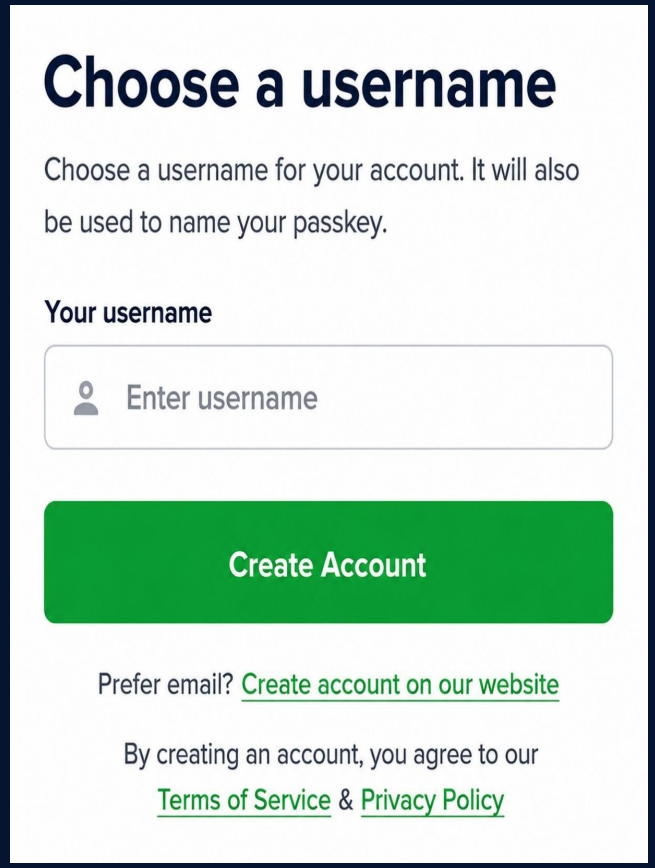

Step 1. Go to your app store and download Lobstr
Step 2. Click “Install”

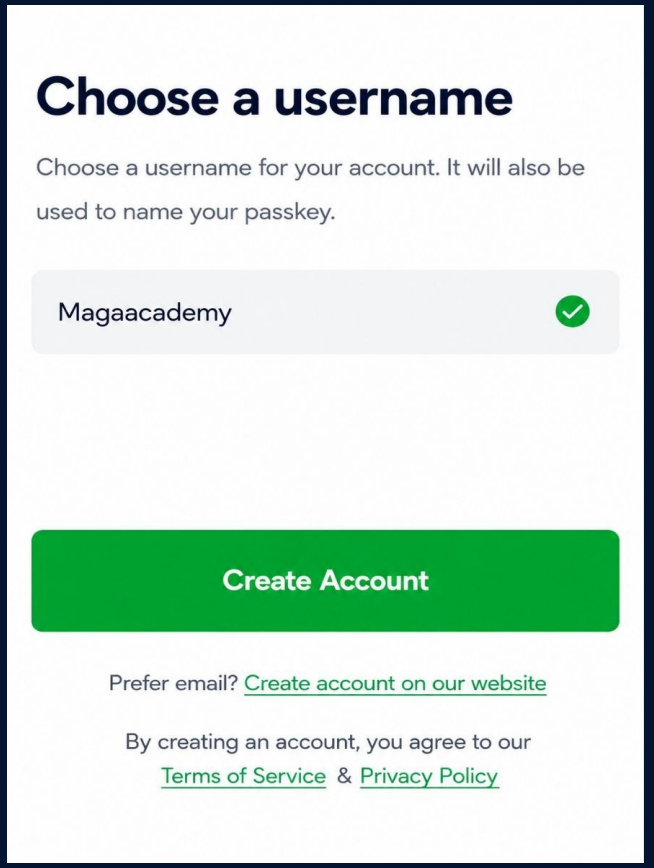

Step 3. Click “Create Account”

Step 4. “Enter username” and “Create Account”

If on google play you may be asked to save your password

Step 5. Username Verified with a “tick” now “click create account”

Write down username

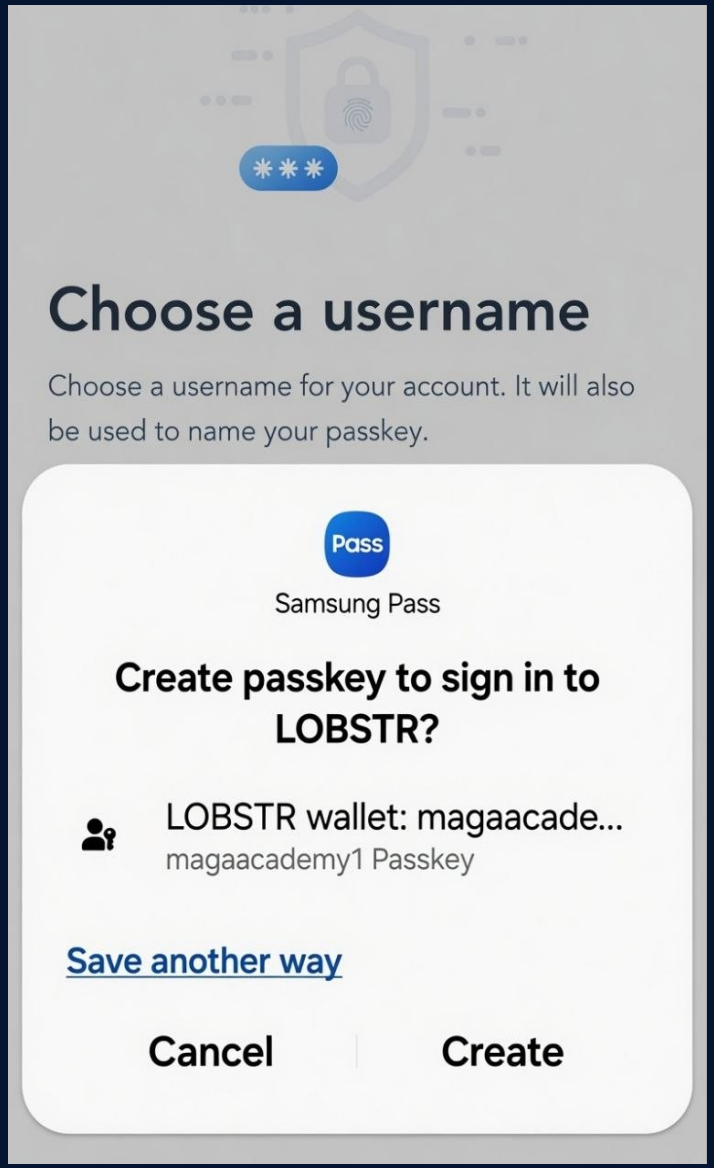

IMPORTANT NOTE

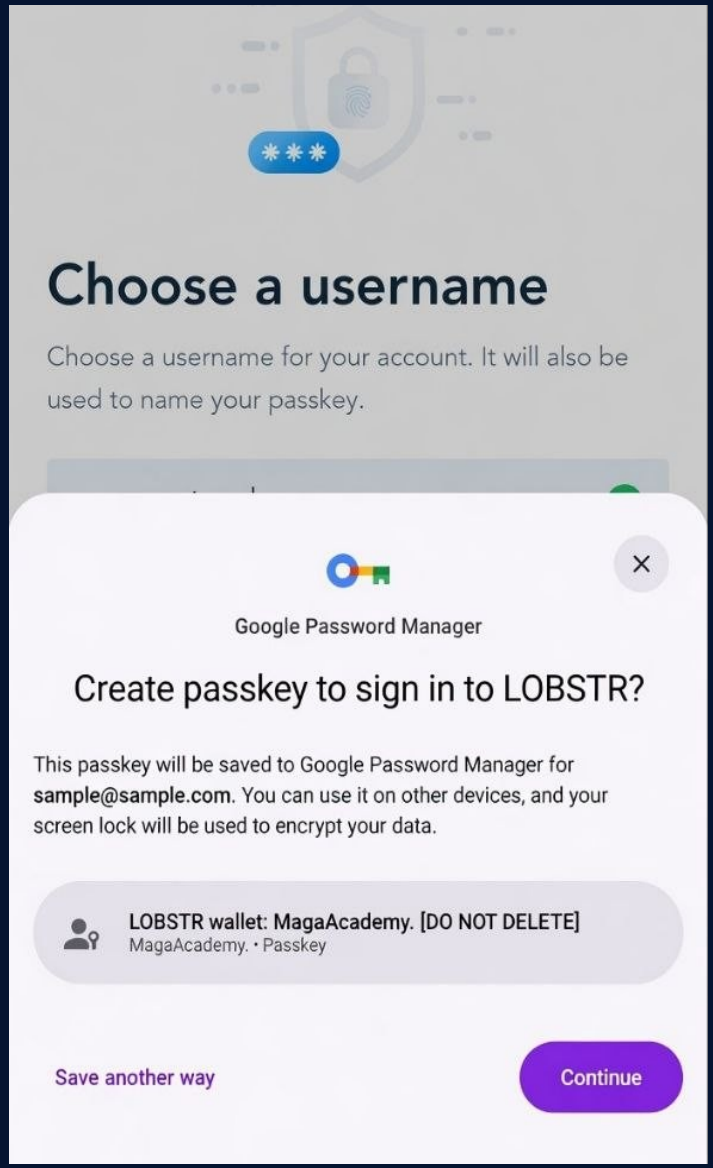

Your device will state “Create passkey to sign in to LOBSTR?”

Now depending on your device, it may say Create or Continue.

However, all devices give the option to save another way.

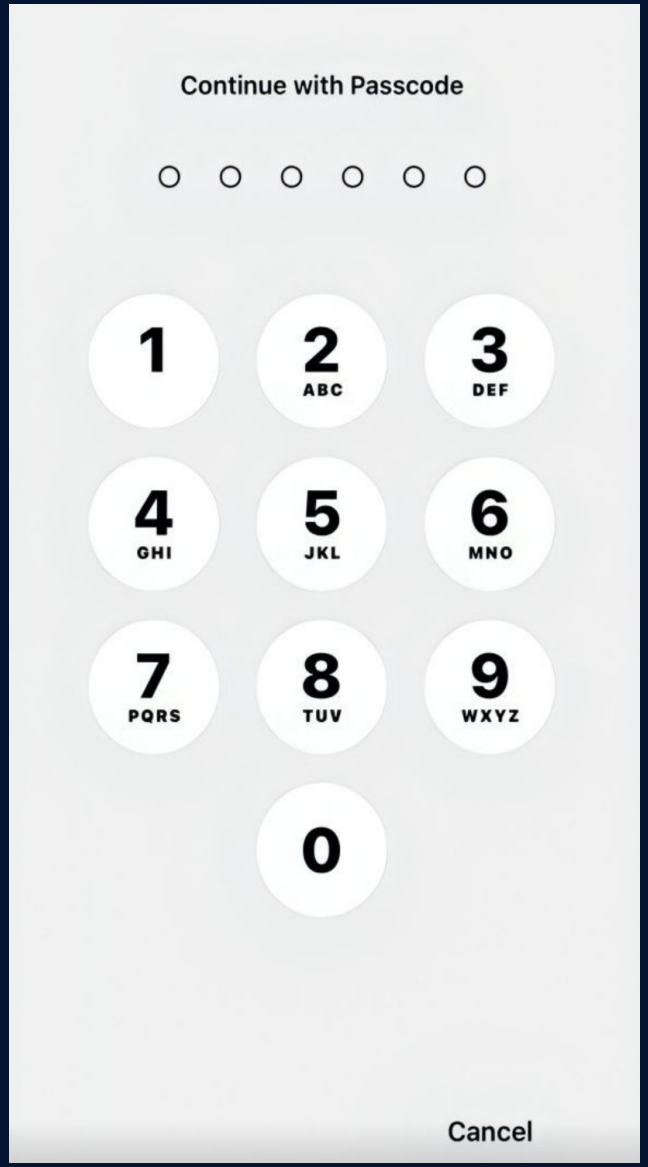

This is a personal choice which option you choose

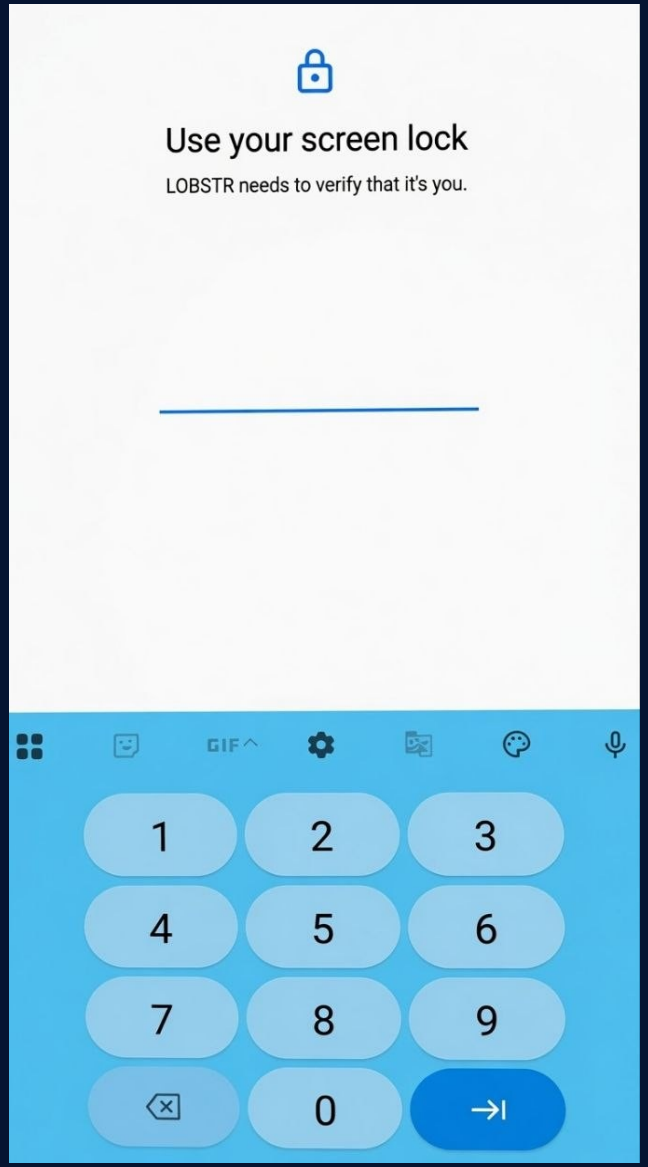

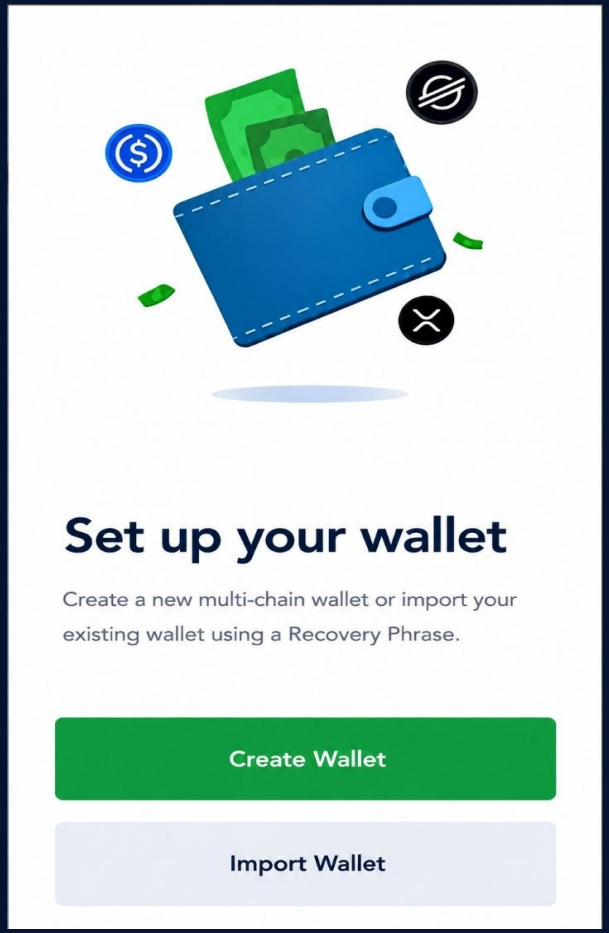

Depending on your device
Create and Enter
a 6-digit Passcode
OR
Type in your screen lock

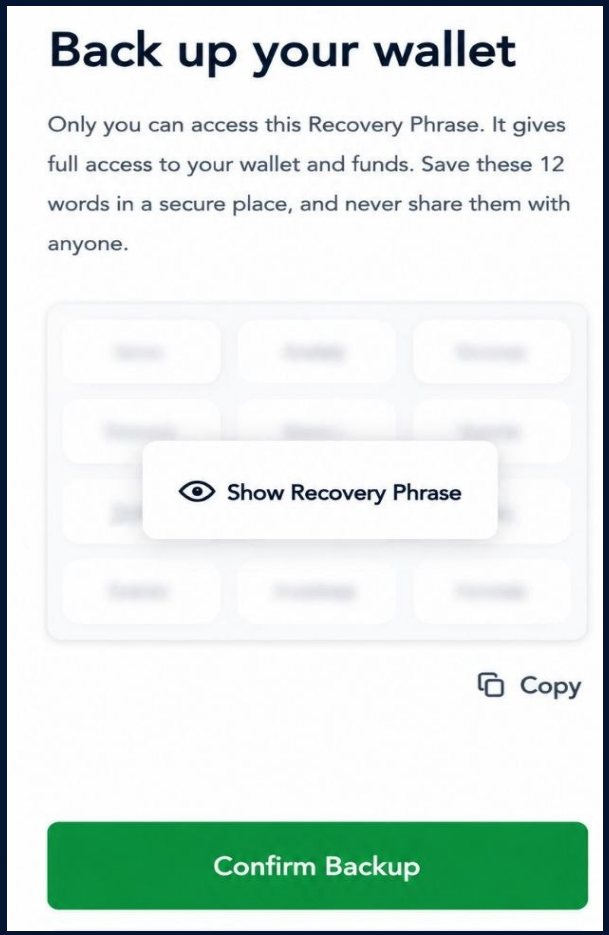

Write down the Passcode if your phone required you to create a Passcode

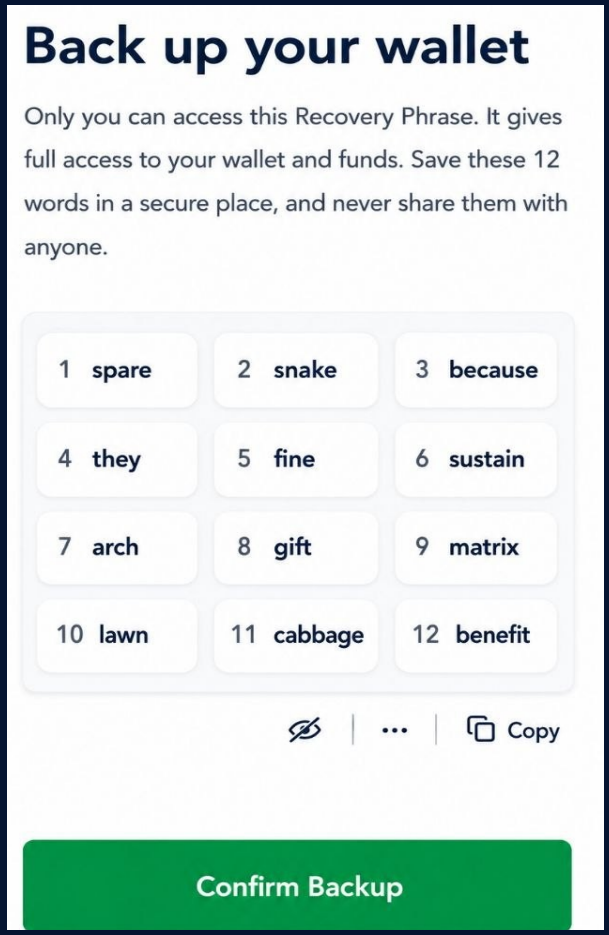

Step 6. Click “Create Wallet”

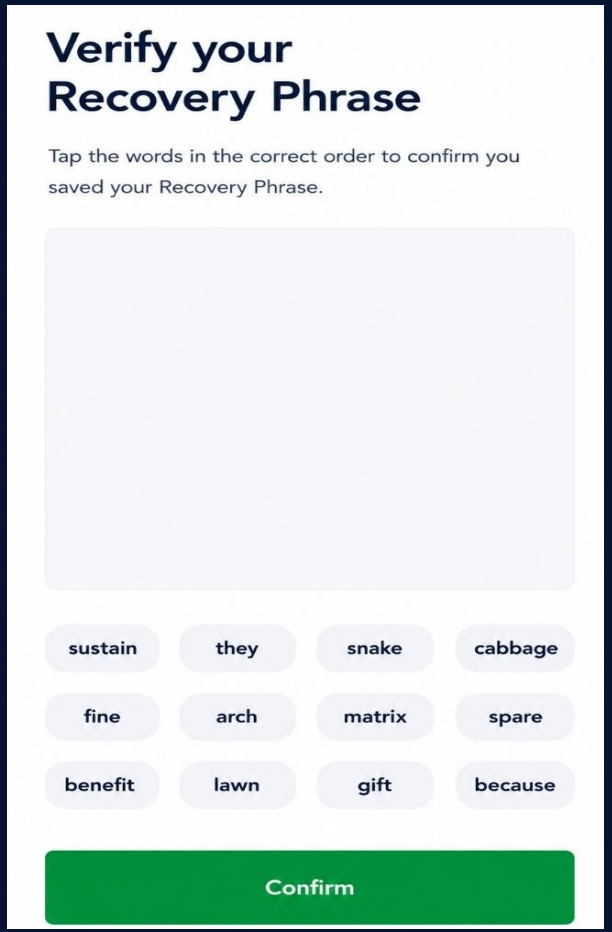

Step 7. Click “Show Recovery Phrase”

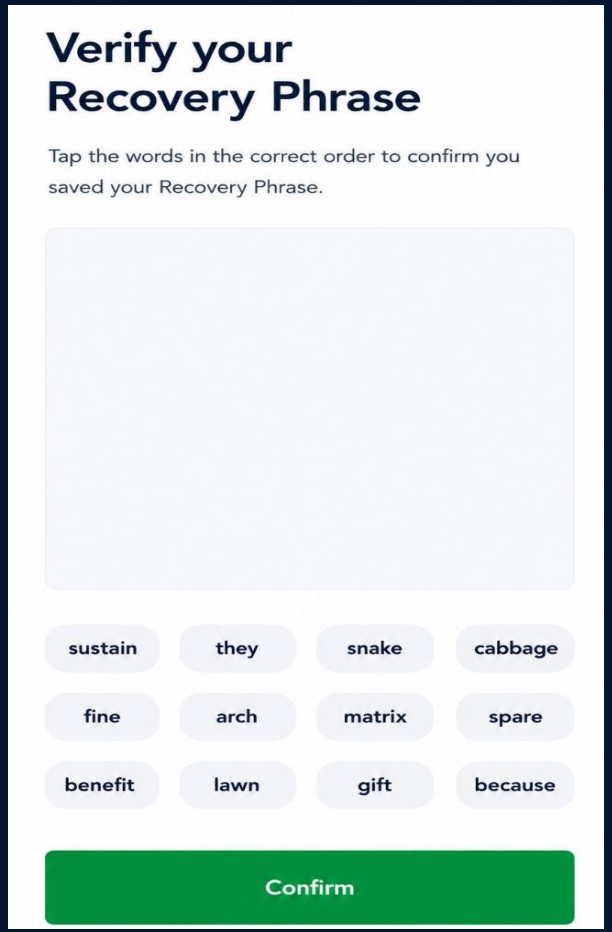

Step 8. Write down Recovery Phrase with the number 1–12

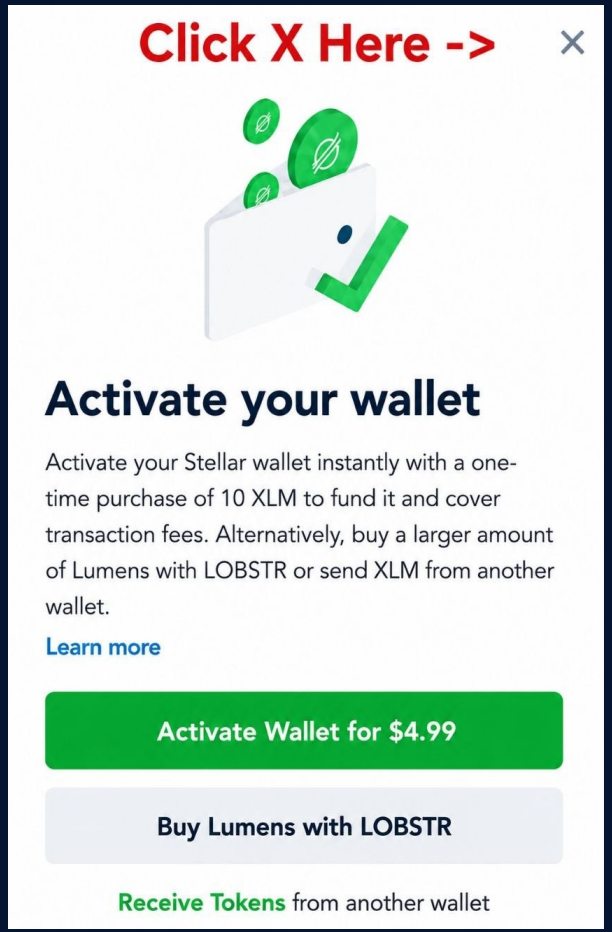

Click “Confirm Backup”

Step 9. Click words in order from 1 - 12

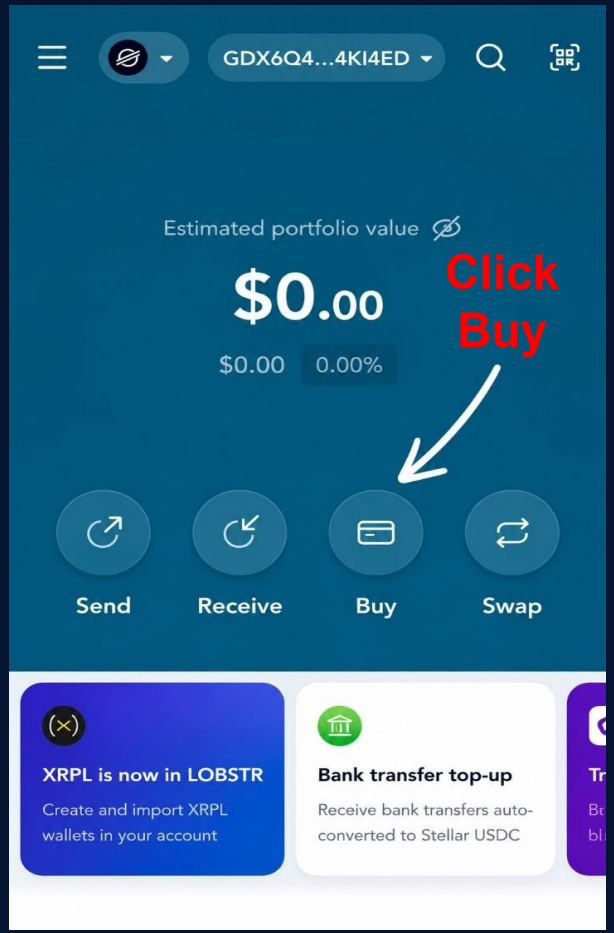

Step 10. Click “Confirm”

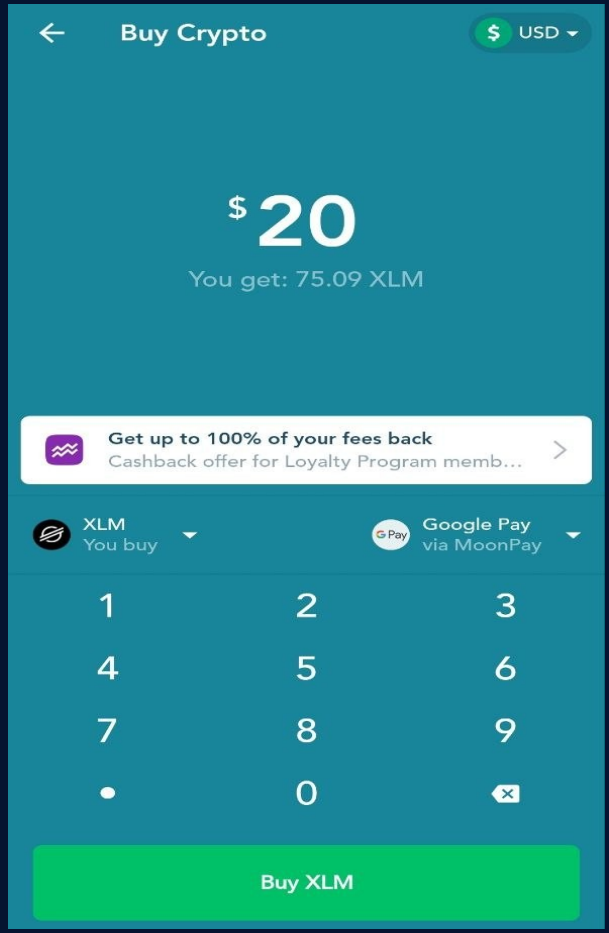

Step 11. Click the small X Box in the top right-hand corner

FUNDING YOUR WALLET

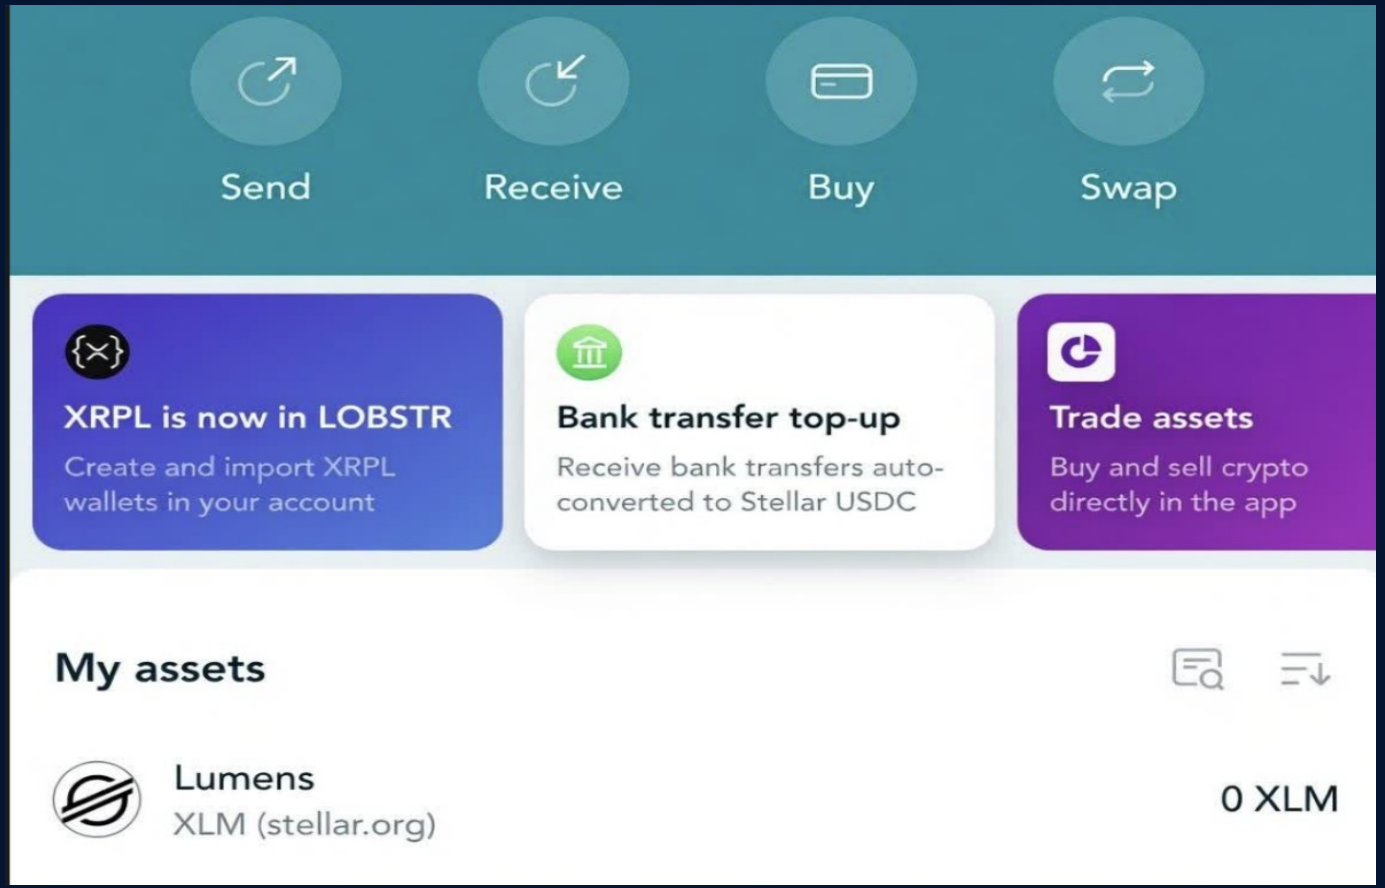

Step 1. Click “Buy”

Step 2. Type in the amount
You wish to purchase
Click “Buy XLM”

Each country may have a different minimum dollar value, check when you choose currency the minimum for the currency you choose.

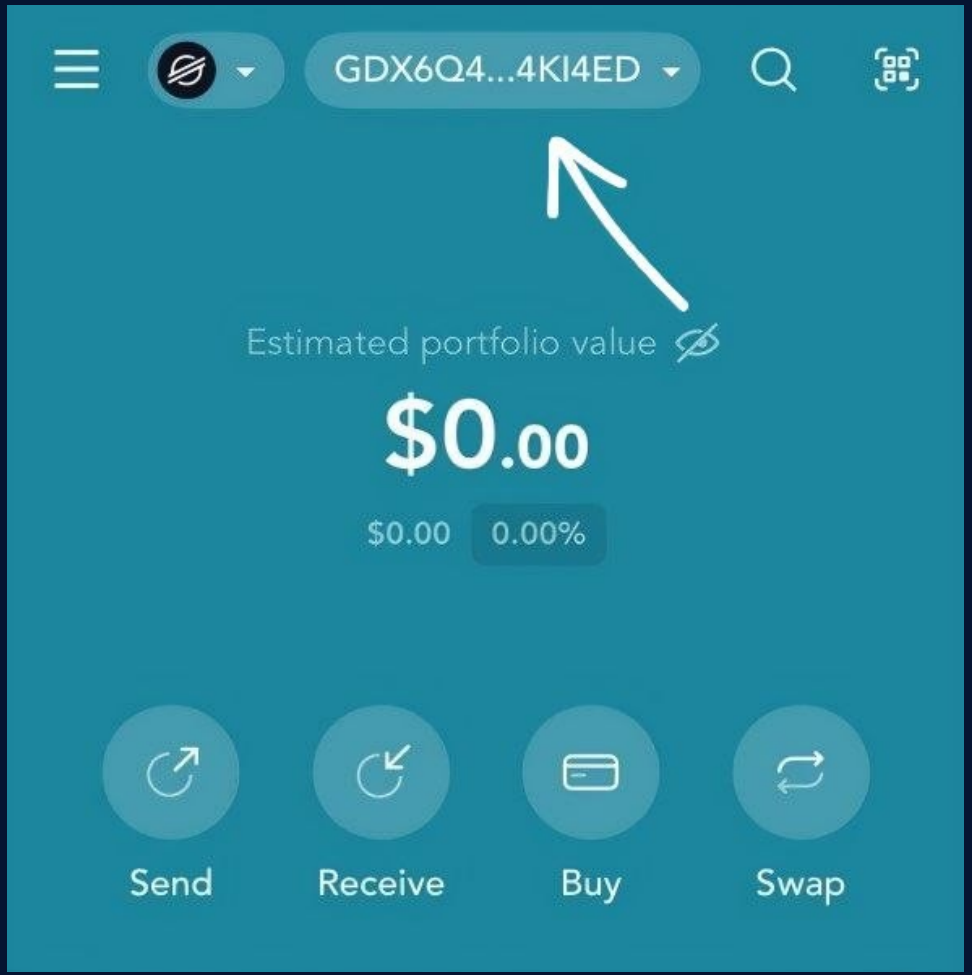

XLM will state stellar.org

XLM in Lobstr is also referred to as Lumens.

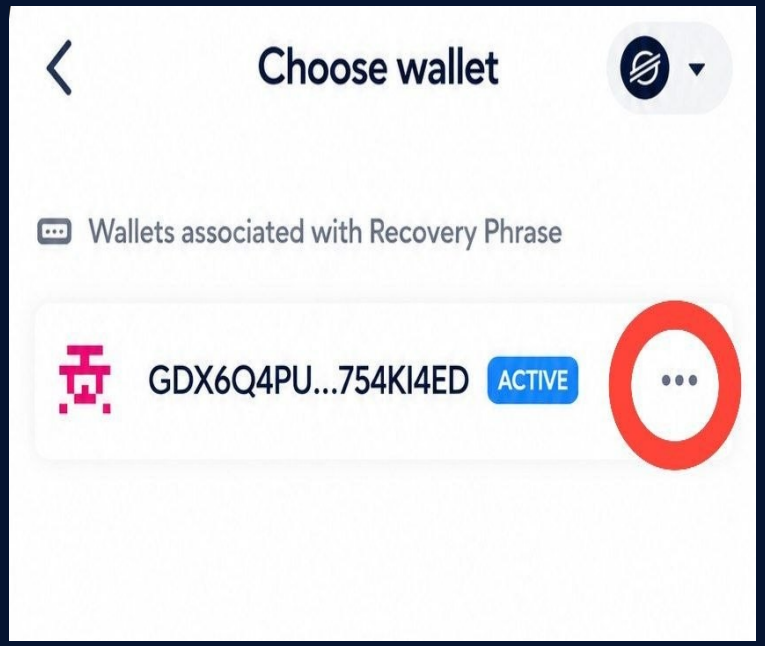

COPYING YOUR PUBLIC KEY

Copying your Public Key

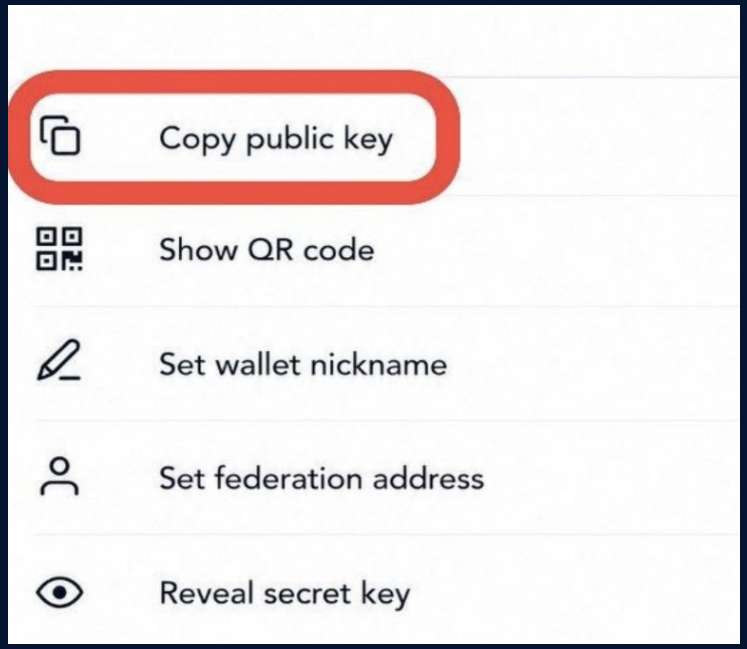

Step 1. Click the middle section to access next screen

Cont. Copying your Public Key

Step 2. Click the 3 dots to see the next menu

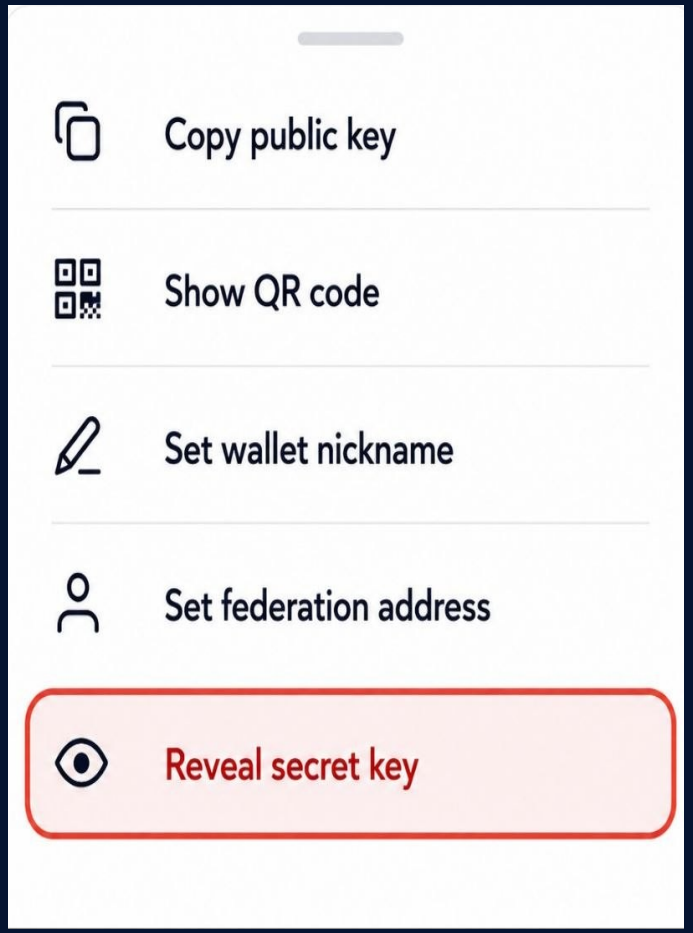

Step 3. Click “Copy public key” and paste to the desired location

Locations to send tokens include:
1. Family
2. Friends
3. An exchange where you currently hold XLM and wish to transfer to your new Lobstr wallet

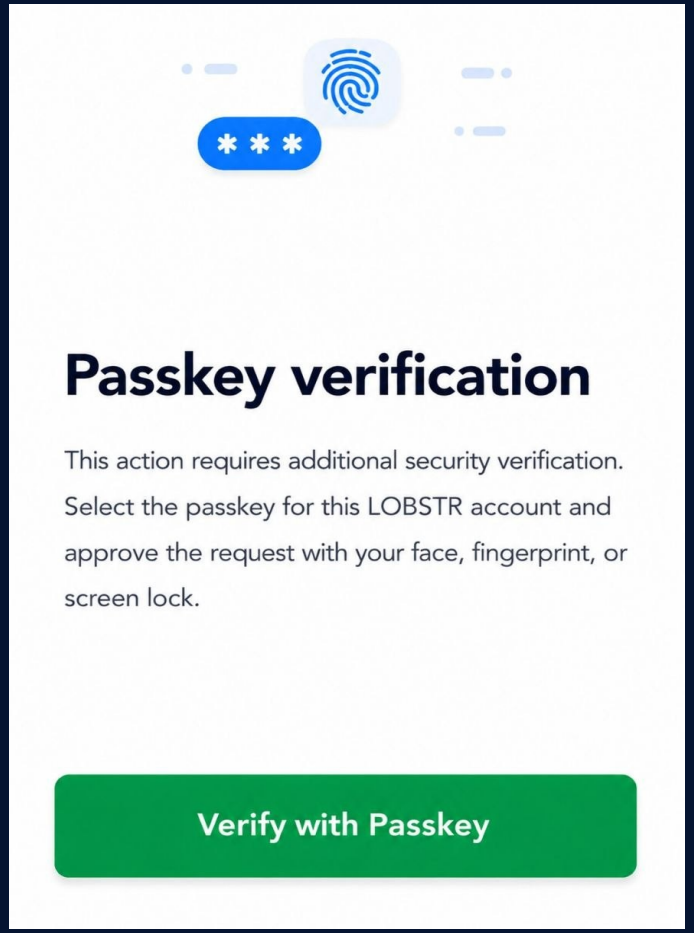

ACCESS SECRET KEY

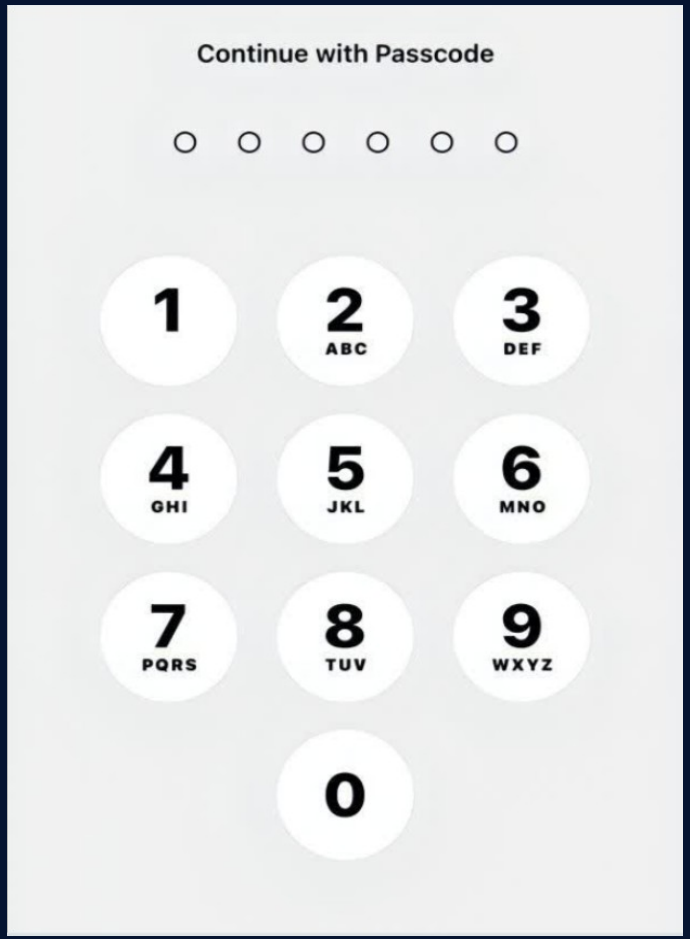

Access Secret Key

Step 1. Click “Reveal secret key”, enter passcode that you wrote down on paper

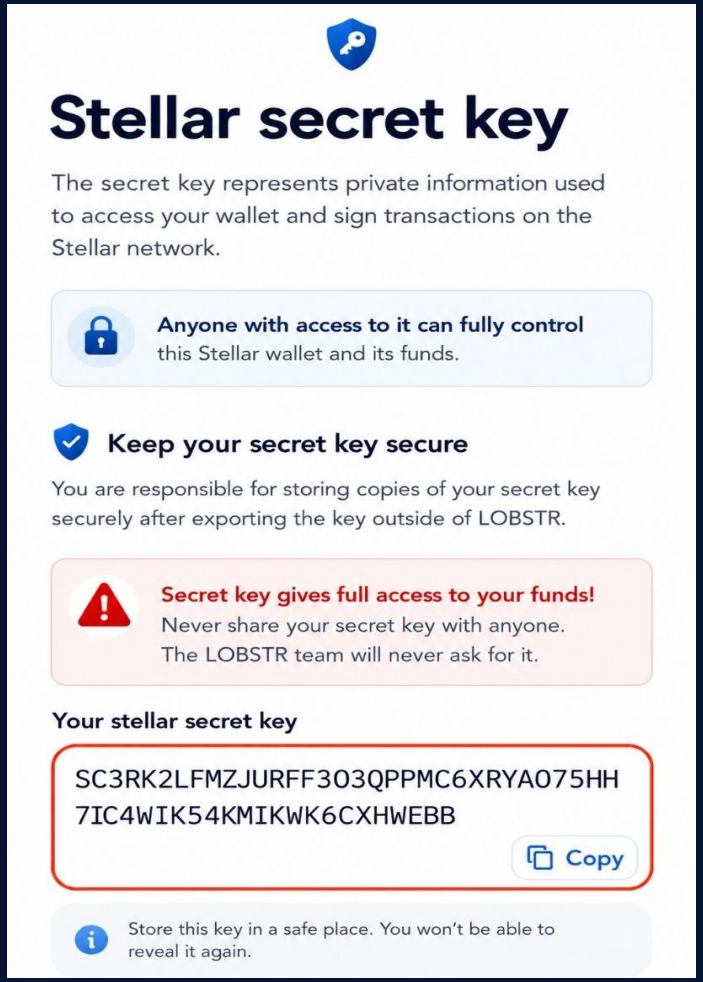

Step 2. Click “Verify with Passkey”

Step 3. Enter passcode that you wrote down on paper

Cont. Access Secret Key

Step 4. Write down your Stellar Secret Key

Congratulations

You have now created a Lobstr wallet and funded it

IMPORTANT INFORMATION

Ensure you wrote down:

1. Your username
2. Your passkey
3. Your Recovery Phrase
4. Your Stellar Secret Key

* Remember to store in a safe and private location
