Topic 9. Free Airdrops, ICO’s and Bots

Part 1: Opening

Alex: Welcome back, everyone. Today, we are breaking down three important topics in digital asset management. Free Airdrops, Initial Coin Offerings. and how to set up a Bot.

Sam: That’s right, Alex. When you have gone through all the training videos in the MAGA Academy and feel comfortable to take the next step. Now is the time to start looking at the latest MAGA token opportunities.

Alex: There are two common types of tokens offers you will encounter. Free Token Airdrops. The other option is investing in an Initial Coin Offering. commonly called ICO's.

Part 2: Core Content

Point 1: Free Airdrops

Sam: From time-to-time MAGA provides opportunities to partake in free, giveaway token airdrops. With this amazing opportunity, there’s rules you must follow. If you miss a step, you may miss out on the free giveaway.

Alex: Exactly, It is Important to note, when a new Giveaway is announced. There is plenty of time to follow the steps and ask questions in the MAGA chat. We also want to ensure this is a fun experience for you. So, take your time, read the instructions and follow along.

Sam: Each Free Airdrop giveaway has different Steps you must follow. These usually include, adding trustlines, joining channels and in the most recent giveaway adding your public wallet address to a bot. Now, let’s walk through a few examples of how MAGA have introduced their previous giveaway opportunities.

Alex: On the screen, you can see the free MAGA giveaway telegram post. This was published by President Trump on the MAGA Official token channel in May 2026. The post welcomes the community to participate. Then, it specifies to participate, you must complete all steps. These include in this case. Follow the MAGA telegram channel and join the MAGA chat. Liking the post, and in the comment section of the MAGA chat, typing, Winning. To receive the airdrop, you are required to add the trust lines. You have two options available. Scan, all the QR codes attached to the post or search the Domain name and Asset code. Always double check your issuer code to see the trustline is correct. In this free giveaway, a clear date is provided when the distribution will take place. Ensure you have followed all the steps, and you will receive the Free giveaway.

In the second example, you can see the free MAGA giveaway. This was published on the MAGA Official token channel in July 2026. The post welcomes the community to participate. Then you can see there is specific rules. Follow all the required channels. Like the post on the official MAGA telegram channel. Add all the giveaway trustlines provided. Open the Bot from the link provided, Follow the directions. Then paste your wallet public key into the Bot to receive the giveaway.

Now we have shown you two samples of MAGA giveaways. It’s important to remember, each giveaway may have different steps to follow and varying timelines. If you have queries in relation to the Giveaways you can ask in the MAGA chat.

Point 2: Initial Coin Offering (ICO)

Sam: MAGA offers regular ICO opportunities, giving investors the chance to participate in projects spanning Treasury Bills, Bonds, precious metals, innovative technologies and an extensive variety of real-world assets.

Want to move up to a higher tier? Upgrades are available throughout the ICO period, so stay connected to the main channel for announcements and limited-time opportunities.

You may also have a chance to benefit from free tier upgrades and other exclusive offers. As with any investment, review the details carefully before participating. Remember to invest responsibly. To follow along and invest in the MAGA tokens join the MAGA official channel and chat.

Point 3: Bots

Alex: Most MAGA-ICOs, provide Bots. These are generally available two to three weeks after the ICO closes. They provide information including your tier, your rewards, any conditions on the token and any other information relating to that specific offering. For example, a debit card, a shopping App, bond purchasing and even tokenization capability. Now, let's walk through a couple of examples of how MAGA Bots function.

The first example we will show you is the Tokenization bot. You will find a post with a link to the Bots on the Official MAGA channel. When you click on the link it will open a page in telegram. You then click on the word, App. Now on the first page you will be asked to provide your Public Wallet address. You will need to go back to your Lobstr wallet and copy your public address. Then paste it into the MAGA, App. and tap, add wallet. This will then initiate the App. All the information relating to the tier you purchased will display within the app. For more details on the token, tap on the icons at the bottom of the app.

Now in the second example, we are going to walk through the Winners, Shop Bot. Again, you Tap on the app, Tap Add wallet. Paste your public wallet address in and tap Add wallet. Then, you will see the details load with your tier information. As you saw in the previous screen the balance was nine hundred million. In the Winner Shop app, the investor has the option to purchase assets. These assets are anything from gold to silver. To your choice of yachts and private jets. In this app, if you are unable to find what you are specifically shopping for. Then this app has the option to request a different product. All the investor in this token had to do. Is choose the icon at the bottom, that states, Request and a Product request form appears. Then the investor was able to provide information of the details for the purchase and tap, Submit request.

Now we have covered two different examples. Note, all Bots are different. When you have invested in a MAGA token and the Bot link is available. Open it up and spend the time familiarizing yourself with the details. If you have any questions in relation to accessing a Bot or finding your way around. Please ask in the MAGA chat.
